CHITTUR HOSPITAL MATERNITY WARD—IMPROVEMENT OF WELL

96. Mr. T. S. Ramachandra Ayyar *(Chittur-Tattamangalam):* Will the Government be pleased to state.—

In the estimate for constructing a maternity ward in the Chittur Hospital, is there provision for—

(*a*) improving and lining the old well in the compound recently acquired for the purpose;

(*b*) the extension of the compound wall to protect the new site?

Mr. V. K. Aravindaksha Menon *(Chief Engineer):*

(*a*) No.

(*b*) No.

Mr. T. S. Ramachandra Ayyar *(Chittur-Tattamangalam):* Shall I take it that the existence of this old well has escaped the notice of the Government?

Mr. V. K. Aravindaksha Menon *(Chief Engineer).* After the land has been acquired, we noticed this old well and we also thought that it is a good well which will give water during the dry season. There is a proposal to improve that well and put up a pump there.

Mr. T. S. Ramachandra Ayyar *(Chittur-Tattamangalam):* What about the extension of the compound wall?

Mr. V. K. Aravindaksha Menon *(Chief Engineer):* It has not been estimated. If there are savings in the grant, that matter will be looked into.

Mr. T. S. Ramachandra Ayyar *(Chittur-Tattamangalam):* If there are no savings in the grant, shall I take it that it will be included in the next year's budget?

Mr. V. K. Aravindaksha Menon *(Chief Engineer):* I cannot make any definite statement. It is a necessary improvement.
